

1976: The Bicentennial, Student Autonomy, and Social Shift

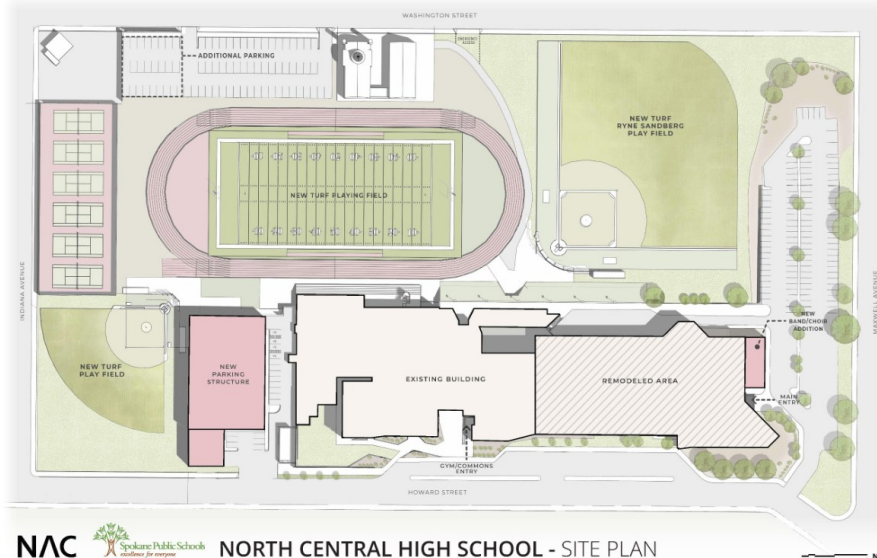

The year of your graduation—1976—marked the **U.S. Bicentennial** and arrived on the heels of massive social upheavals, including the Vietnam War, the Civil Rights Movement, and Title IX (passed in 1972).

- The Educational Philosophy:** The rigid structures of the 1950s gave way to student-centered learning, elective-heavy curricula, and a massive push for gender equity in sports and academics.

- The Environment:** The atmosphere at NC was alive with the expressive, independent energy of the 1970s. Students exercised a level of political autonomy and social awareness unseen in previous generations—even mirroring real-world complexities, such as the [historic student body election controversy](https://www.togetherspokane.org/nc-modernization) that rocked the school in May 1976 over active campaigning and registry irregularities.

This era marked the final years of the fabled original building, which was razed shortly after in 1981 to make way for a more functional, modern facility.

Spotlight on Youth

Election scandal shakes NC student government

North Central High School students became embroiled in their "own little Watergate" last week in connection with student government elections.

An extremely close race between Juniors Wayne Larson and Bret Coffin for fall term Associated Student Body president in the May 13 general election has been protested due to "glaring irregularities" in the polling procedures, NC principal John P. Rodkey said.

Running tallies of each candidate's progress were kept and several candidates were actively campaigning in the polling area as the tallies showed they were dropping behind their opponents, Rodkey explained.

Students passing out ballots and checking to see if students were properly registered to vote were accused of telling unsure voters whom to vote for and towards the end of election day, were even giving out unsolicited advice to voting students, ASB faculty adviser Dean Rieken said.

"The students aren't really responsible for this though," Rieken said last week. "Mr. Rodkey and myself had ultimate responsibility for supervising the election."

"I should have impressed upon them (the students manning polling stations) the seriousness of their task. Out in the real world, people can be arrested for some of the things that were done here," Rieken said.

"We learned one thing for sure. You have to make stu-

dent elections as realistic as possible. It's serious business. They'll be adults soon," he added.

In discussions about the election confusion, a few students recalled that the "dirty campaign tricks planned by people like (attorney Donald) Segretti during Nixon's campaign were no worse than the things they did in their college elections."

The day after the election in question, Rodkey called a meeting of the students' election planning committee to review the protests and decide whether or not to have a re-election.

Some committee members argued that there was no concrete evidence that the running tally which was kept affected the outcome of the election, even though one of the presidential candidates, Coffin, was away from school at a tennis match and couldn't campaign during the election hours.

Those against the re-election also said it would be "politically damaging" to both candidates and to the system, and suggested the results be accepted and stringent polling rules be drawn up for next year, Rieken said.

Those in favor of a re-election insisted that whether or not the outcome of the election is different or not, the vote was unfair and should, morally, be repeated, Rieken said.

After lengthy discussion in which Rodkey and Rieken participated, the committee voted against a re-election.

"But by Monday, it was obvious to me that this was just not going to die away and be forgotten. That there had been unfairness had been established and something had to be done," Rodkey said last week.

So Rodkey set aside the vote of the elections' committee, despite its protests that he had originally promised to abide by the committee's decision.

The current ASB officers, who voted in favor of a re-election as members of the elections' committee, were appointed by Rodkey to make a final decision on the situation.

"They are the elected representatives of the students and as such should be my adviser as to the best interests of the students in a case like this," Rodkey explained.

"We should have called the elections' committee together merely as an advisory body, and then Mr. Rodkey could've made the decision himself," Rieken said. "Many students are upset about the way this was handled."

And so, a re-election was held Friday for the office of ASB president only, as the other ASB offices had been decisively decided in the first election.

Coffin won the Friday election, supervised by Rodkey, by a vote of 281 to 200, student elections committee chairman Bernie McBride said. (Larson won the first general election by 18 votes.)

So this is how history remembers us ...

"The students aren't really responsible for this though ..." - Mr. Rieken takes the hit

Who is the Mystery Woman named Rieken next to Mr. Rieken?

Kim Rieken is a highly respected, long-tenured **Social Studies and Government teacher** who spent her career inspiring students at North Central High School. [1]

Archival records from The Spokesman-Review highlight her notable contributions and background:

- **An NC Fixture:** She started teaching at North Central when the "new" building facility first opened its doors in **1981**. [1]
- **The Legacy:** She was a foundational pillar of the Social Studies department, widely known for teaching high-level courses like **Advanced Placement (AP) U.S. History** and Government. [1, 2]
- **Award Nominee:** Her dedication to her students earned her a nomination for Spokane's "**Best Teacher Award**" in 1998. [3]
- **Community Impact:** She famously taught local historical figures, including former Seattle Deputy Mayor and regional SBA Administrator Mike Fong, who fondly remembered her classroom as a major influence on his career in public service. [2, 4]

🎵 Her 1981 Theme Song: "*Start Me Up*" (The Rolling Stones)

The year **1981** was a historic time for North Central High School. The school moved into its brand-new building facility, and Kim Rieken arrived to light a fire in the Social Studies department.

The number one rock anthem of 1981—"**Start Me Up**" by **The Rolling Stones**—perfectly captures the high-energy drive she brought to AP U.S. History and Government.

A group of cheerleaders from North Central High School huddle under umbrellas in the fall of 1943. Photo courtesy of North Central High School (Photo courtesy of North Central High School / The Spokesman-Review)

"Nearly 300 students, all in the first high school year, left their names yesterday morning on the rolls of the North Central high school, the doors of which were thrown open yesterday for the first time."

The Spokesman-Review, Sept. 9, 1908

In the century since those words were published in The Spokesman-Review, thousands more students have passed through the school's halls, whether the fabled old building that was torn down in 1981 or the new that replaced it. North Central opened with only 12 classrooms and a promise for more.

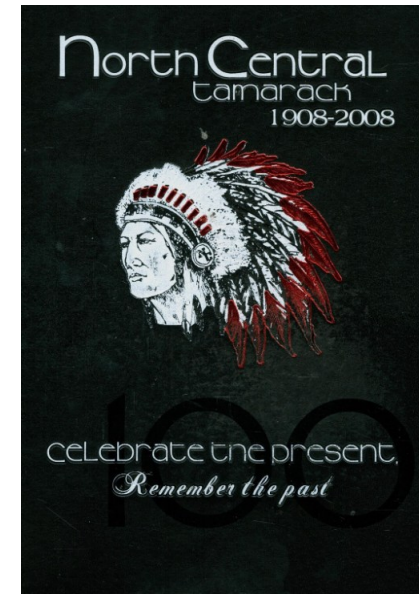

"The plans for the entire high school," said the 1908 newspaper article, "to be built a wing at a time, call for 80 rooms and will constitute the finest high school west of Chicago."

The article went on to say that the school had the luxury of restrooms reserved only for teachers, "handsomely furnished and comfortably finished, with private closets and washrooms."

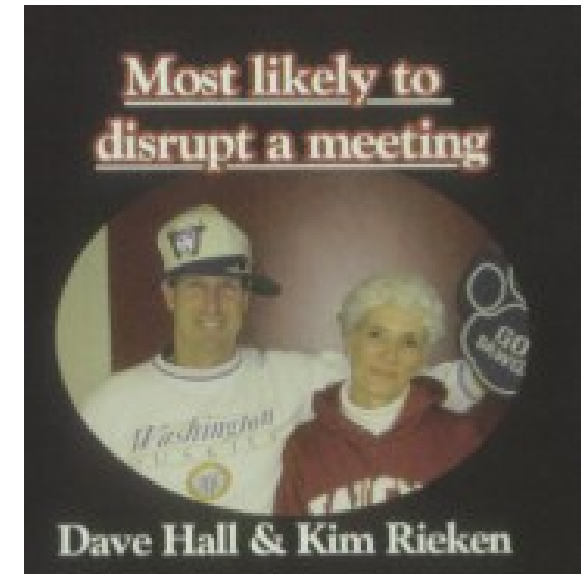

Alan Hanson, a retired NC teacher, former student and now the school's unofficial historian, said when he started as a student in the old building he noticed the wooden stairs had been worn down from generations of students going either up or down, depending on which wing of the building they were in, since the staircases weren't big enough to fit students going in both directions.

He said he just knew that he was in a very old, traditional place.

The school is proud of its traditions and makes the claim that it is the oldest continual high school in Spokane.

2008

<https://www.classmates.com/siteui/yearbooks/4182717980?page=79>

Alan Hanson, a retired NC teacher, former student and now the school's unofficial historian, said that when he started as a student in the old building he noticed the wooden stairs had been worn down from generations of students going either up or down, depending on which wing of the building they were in, since the staircases weren't big enough to fit students going in both directions.

And we know how to reach them...

Yes. The “unofficial historian” is **Alan Hanson**, a **1967 North Central graduate**, retired NC teacher, and longtime Alumni Association leader. In the 2008 centennial article, *The Spokesman-Review* calls him “a retired NC teacher, former student and now the school’s unofficial historian,” and quotes him extensively on the old building, early NC traditions, Elsa Pinkham, Lowell Bradford, and memorabilia saved when the old school was torn down in 1981. ([Spokesman-Review](#))

He was still publicly active well after that. In 2021, *The Spokesman-Review* identified Alan Hanson as “a 1967 graduate of North Central High School, a retired teacher of the school, and the current president of the North Central High School Alumni Association.” ([Spokesman-Review](#)) A 2024 NC Alumni Scholarship form still used **Alan Hanson** as the scholarship mailing/contact person and gave the alumni phone number as **509-466-3562**. ([Core Docs](#)) It does look as though the **formal presidency has passed on**. The current North Central Alumni Association “Who We Are” page lists **Zack Zappone ’09** as president, says he has been president since **2023**, and gives his school email as zackz@spokaneschools.org. The same page lists **Kathie McGonigle ’70** as secretary, **Chris Krauel ’78** as treasurer, **Darlene Linahan ’63** for membership, and **Al Hanson** as editor managing the Association newsletter. ([North Central Alumni](#))

So I’d summarize it this way:

Alan Hanson appears still to be an active NC alumni/history contact, but no longer the formal Alumni Association president. The official leadership torch seems to have passed to Zack Zappone ’09, while Hanson remains connected through alumni history/newsletter/scholarship work.

Best contact points:

North Central Alumni Association

Email: northcentralalumni@gmail.com

Phone: **509-466-3562**

The Association site lists both at the bottom of its pages and on the contact page. ([North Central Alumni](#))

Zack Zappone ’09, current Alumni Association president

Email: zackz@spokaneschools.org ([North Central Alumni](#))

For Tamarack/yearbook questions specifically:

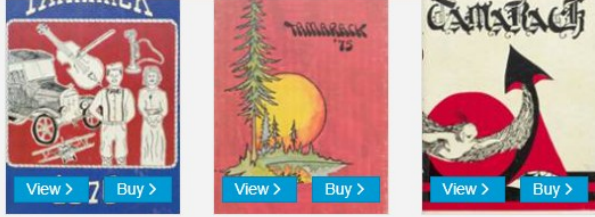

The Alumni Association’s Yearbooks/Tamarack page says extra Tamaracks are available for many years and gives the current yearbook teacher as **Amy Sinisterra**, AmySi@spokaneschools.org. It also notes that online Tamaracks from **1912–1976** can be read through Spokane Public Library. ([North Central Alumni](#))

One caution: the Alumni site has a small inconsistency. The contact page still labels “Alan Hanson ’67 President,” while the current “Who We Are” page says Zack Zappone has been president since 2023. I would treat **Zack as the current official president**, and **Alan Hanson as the elder historian/newsletter/scholarship contact** unless they clarify otherwise.

And we've got a solid database, just behind a bit of a paywall...

“Welcome Back . . .”

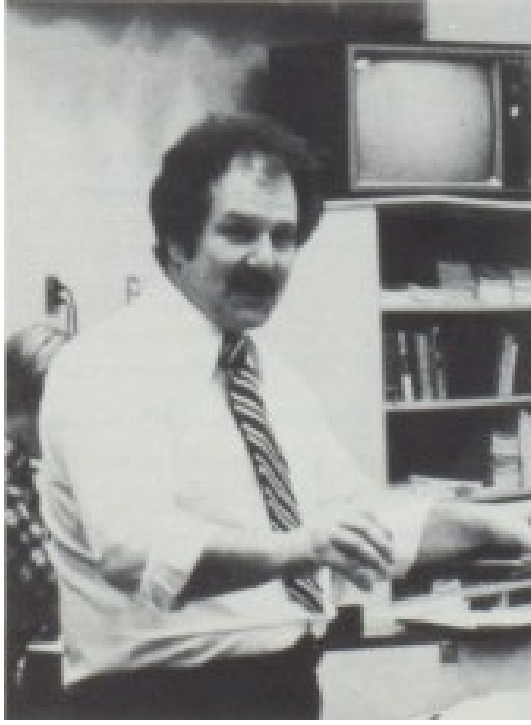

Not all North Central students bid a final farewell to their school when they graduate. Through the years many graduates have returned to North Central to teach or serve on the staff. Some of the former North Central students currently working on the school staff are pictured above. **Front Row:** (From Left) Gail Biddulph, class of 1970; Cathy Doerr, class of 1970; Al Hanson, class of 1967. **Second Row:** Manny Brown, class of 1973; Chuck Filippini, class of 1972; Darlene Linahan, class of 1963. **Back Row:** Ron Walker, class of 1946; Jack Buell, class of 1971; Mike Weir, class of 1957. Not pictured: Cathy Lobe, class of 1961.

Tamarack '81

TAMARACK '83

MICHAEL CALDWELL (far left): Music

Mr. Caldwell instructs Piano Lab, Teepee Lighters, A Cappella Choir, Intermediate Choir, and Mixed Choir. His hobbies include both water and snow skiing, tennis, and sailing. He has been with us for 18 years.

YVONNE EDMUNDS (far left): Language Arts

Mrs. Edmunds teaches Advanced Senior Composition, American Literature, English 5, and Senior Literature. Her interests are restaurants, travelling, her lake home, reading, and plays.

TAMARACK '83

MARY HAUGEN (far left): Language Arts

Mrs. Haugen teaches English 1, 3, 5, and 6, Advanced Senior Composition and Advanced Senior Literature. She is also involved in the N.C. Booster Club. "It is a pleasure to be an active part of the ongoing Red and Black tradition — her alumni, her current students, her rich past, her vital present, her promising future."

JERRY HOPKINS (right): Social Studies

Mr. Hopkins is the head of the Social Studies Department and instructs Economics and Contemporary World Affairs. 17 out of a total of his 20 years teaching have been spent at N.C. Away from school he enjoys golfing.

TAMARACK '83

JERRY HUGHES (far left): Social Studies

Mr. Hughes teaches American Government and 20th Century History. Even though he is a state senator he is able to teach for almost a full semester. For the second semester Mr. McGarry usually stands in for him.

MICHAEL WEIR (left): Language Arts

Along with his football coaching duties, Mr. Weir teaches German and English. Some of his hobbies include antique cars, hunting, fishing and skiing.

TAMARACK '83

JOHN O'LEARY (far right): Mathematics

Some of Mr. O'Leary's classes are Career Math, Pre-Algebra, Geometry, and Math Improvement Lab. Sailing, woodworking, model building, and golf are some of his hobbies.

JOE SCHAUBLE (right): Mathematics

Mr. Schauble teaches pre-algebra and algebra and is head coach of the Varsity Track Team. He is a member of both the Staff Board and the Booster Club. Outside of N.C. he is interested in sports and traveling.

TAMARACK '83

After another 14 years, in 1997, Kim Thiemens will marry Dean Rieken and become Kim Rieken.

Besides teaching classes in language arts, he coaches the Girls' Country Team. Some of his hobbies include photography, backpacking, fishing, and hunting.

KIM THIEMENS (left): Language Arts/Social Studies

Mrs. Thiemens is the freshman class co-adviser and lilac coronation chairman. She enjoys reading, cooking and watching old movies in her free time.

1984

“Vee have vays of making you learn!” advises Mr. Weir (at age 45).

“Now don’t forget how to do the adverb cheer,” reminds Mrs. Haugen (at the youthful age of 36).

Two years later, in 1986, Mary Haugen will leave NC to become principal of Salk Middle School where she will serve for 13 years before retiring in 1999.

1984

SOCIAL STUDIES: *Learning to cope in the modern world*

Social Studies Department: (From Left) **Front Row:** Jerry Hopkins, Mark Skubinna, Kim Thiernans, Mick Miller. **Back Row:** Jay Duncan, George McGarry, Dan Jones, Ron Walker, Emily Pike, Art Bauer, Rob Norris. **Right:** "The good news is you spelled your name right; the bad news is ..." explains Mr. Hopkins.

"The basic goal of North Central's Social Studies Department is to prepare our students to be humane, rational, participating citizens in a world that is becoming increasingly interdependent. Social studies education provides the only structured school or community institution to prepare young people for citizenship. If the school's focus is to have any lasting effect on student's behavior, other institutions like the family and business must have a shared concern for the enhancement of human dignity and civic education."

— Jerry Hopkins

Pride or Discrimination?

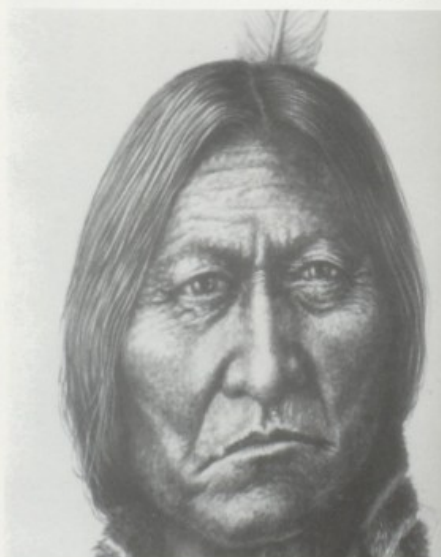

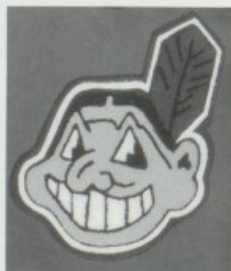

North Central students and staff fight hard to keep our mascot

Ever since the fall of 1923 North Central has known as the Indians, before that the school was known as the Red and Black, North Siders or North Centralities. To some people, however, the Alums and current student body say "the Indians have apart of North Central forever." Just recently North Central has had a discriminating issue with the Indian mascot and has talked about change.

Some agree that N.C. is discriminating towards Native American population with their Indian Mascot. One suggested to "get rid of the symbols on the lettermens jackets," referring to the Indian images on the back of some jackets at N.C.

North Central doesn't really have a choice, the students, staff and alumni can fight as much as possible, but when it all comes down to the desicion, it is up to the Justice Department.

To the right are the two Indian statues displayed in the main the hall. Also to the right is a Indian head featured on the carpet in the library.

To the left are the traditional outfits that were given to N.C. by the Spokane Indian Tribe. These outfits have just been recently put away into a vault in the office. They are estimated to be worth more than \$5,000 a piece. In the past these outfits have been worn by fellow N.C. students at school activities.

Above are the Indian images taken from N.C. students lettermans jackets, some say this is the most offensive thing surrounding the mascot issue.

Mascot 214

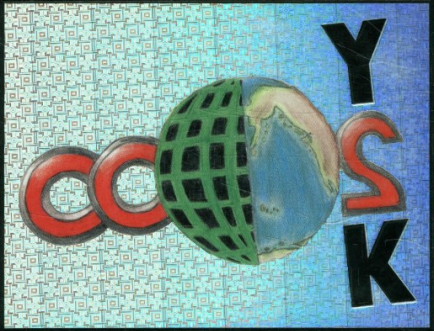

Here are two portraits drawn by Joseph Jonas, these are also displayed in the main hall.

The clock in the skylight area has been featured there for the last couple of years, it was given to N.C. by the class of 1964.

In Memory

Don Mikiska

Joel E Ferris High School Classes of 1966 - Present

Deceased Classmate: Mikiska, Don (Teacher)

Date Of Birth:

Date Deceased: 5-2004

Age at Death: 59

Cause of Death:

Classmate City: Spokane

Classmate State: WA

Classmate Country: USA

Was a Veteran: No

Survived By: His wife died in 2001. Survivors include two sons, Bob and Mike Mikiska; his companion, Marcia, and her two daughters, Jenny and Laura; and four grandchildren.

Donald V.E. Mikiska, 59, who was born in San Jose, Calif., died Tuesday. He graduated from Whitworth College in 1967 with a degree in social studies and received his Master of Arts degree in teaching the following year. Mr. Mikiska taught in Washington for 31 years, the last 26 in Spokane, mostly at Ferris High School. While the wrestling coach in Othello, Wash., he was named Washington's Coach of the Year for AA schools in 1970. He led the school to a state championship in 1974. He married Christine Castle in 1975, and the couple made their home in Spokane. Mr. Mikiska enjoyed the outdoors, hunting and fishing and was involved at Fourth Memorial Bible Church. Musical memories at Sac: Four friends who were among the first class at Sacajawea Middle School look back as building nears demolition

Sun., May 14, 2023

By Cindy HvalFor The Spokesman-Review

If the walls of the Sacajawea Middle School band room could talk, they'd likely whisper about the many students who found a lifelong love of music and education within its confines. Those walls will come tumbling down soon, making way for the sports fields and parking lots of the new Sacajawea Middle School scheduled to open this fall. Recently, four former band and orchestra students who attended the school on its opening day gathered to share their memories. In September 1960, John Luppert, Nan Comeaux Luppert, Bruce Pennell and Karen Bart were among the 1,131 seventh-, eighth- and ninth-graders who strode through the doors of the \$1.4 million brick building. John Luppert wasn't supposed to be there. "I went to Irving Elementary school and those students weren't supposed to attend Sacajawea," he said. "But Richard (Dick) Skok was my choir teacher at Irving. I was in his boys' quartet. When I found out he was going to be the band director at Sacajawea I wanted to be there." This was the era before school choice, but Luppert's mother marched into the school administration building and informed them that her son would be attending the new school. He already had a friend there. He'd met Nan Comeaux in the All-City band. "We met in the clarinet section," she said. "I broke my reed when we were auditioning for first chair and he lent me one of his. Then I beat him!" The pair didn't date until they were both at Lewis and Clark High School. They married in 1968.

Left to right: John Luppert, Nan Luppert, Bruce Pennell and Karen Bart attended Sacajawea Middle School together in 1960, the first year the school opened. They were all active in Sacajawea's music programs. The new school opens this fall. (COLIN MULVANY/THE SPOKESMAN-REVIEW)

Bruce Pennell joined in band. He played on something bigger. "There were three brand new (upright) basses that nobody played," he recalled. "So I taught myself how to play it." That involved a buddy and him carting the unwieldy instrument home between their two bicycles. The effort proved worth it because Pennell still plays the instrument with various groups. Karen Bart wasn't in band – she played cello in the orchestra. From the moment she picked it up, she was hooked. "I told my mother that this was what I wanted to do with my life." John Luppert's admiration of Skok was echoed by his fellow musicians. "He treated us like human beings," said Nan Luppert. "He was commanding, but kind." Her husband agreed. "We rose to the challenge he gave us. We all wanted to grow up and be Richard Skok," he said. "When Dick started the first stage band it was a new concept and the school wasn't about to add it to the regular class schedule, so we met at zero hour." By then he'd moved on to saxophone, but Nan stuck with the clarinet. "I played in the stage band and so did my twin sister, Jan," said Nan. "She played flute." That stage band went on to perform at all kinds of dances and public events.

Their years in the Sacajawea music program proved life-changing for the four friends and many others. Pennell gestured toward the group. "All four of us are retired teachers." Bart nodded. "A huge percentage of that class from 1960 went into teaching or music," she said. "Many became professional musicians." She was one of them. After graduating from Eastern Washington University with a master's in music education, she taught orchestra for 30 years in Spokane Public Schools. In the '80s she returned to teach at Sacajawea. "Some of my teachers were still here," she said. Bart played with the Spokane Symphony for 25 years and hasn't really retired. "I coach at New Horizons orchestra." Likewise, Pennell pursued a musical life. "I joined the Musician's Union at 17," he said. That's how old he was when he played in the Ice Capades band. He also played in the Dixieland band at Expo '74. After graduating from EWU, Pennell served 21 years in the Air National Guard band and taught band, orchestra and general music for 26 years in the Central Valley School District. Post-retirement, the district asked him to sub, which he did until 2021. "I enjoyed the kids," he said. "And they sensed that." As a bass player, Pennell is always on call for gigs and plays with a group called Memory Makers. "When you're a string bass player everybody needs you," he said. The Lupperts also graduated with education degrees from EWU, though Nan declined to teach music. "I couldn't see myself commanding a marching band," she said. "But I used music to teach Spanish, French and English for 17 years." John taught band and orchestra for 11 years before moving on to a different career. He didn't move on from music, though. "I was one of the early members of the Spokane Jazz Society (now Spokane Jazz Orchestra)," he said. "I was with them for 25 years." He and Pennell meet with a group of musicians every Friday at Rocket Bakery on 14th Avenue and Cedar Street. The Lupperts said both of their daughters attended Sacajawea and their grandchild, Evan, a seventh-grader, is in the school's Show Club Choir. Evan will be the last Luppert at the old school and the first in the new one. "I was so moved at Evan's concert," said John Luppert. "I thought of all the people whose lives have been changed because of the music here." The Sacajawea Middle School replacement is just one of many projects that Spokane voters approved by passing the 2018 Bond. The \$49 million school will feature 145,000 square feet and house approximately 825 students in grades six through eight. But when the walls fall at the old school, Luppert won't be there. "I want to be out of town when they tear it down," he said.

Zoe McGarry Obituary

McGARRY, Zoe Lynette (Squires) Passed away on October 29, 2009, after a brief illness. She was definitely one-of-a-kind and brought joy, love and exasperation to her friends and family throughout her 70 years of life. Zoe Lynette had wanderlust from her early years and her yearning for travel inspired her career as a Spanish and French teacher. Zoe Lynette taught for many years in Spokane at Lewis & Clark, North Central and Shadle Park High Schools. She also taught in Liberia, Africa and Singapore. Her love of travel took her to every continent except Antarctica and that was next on her list. Strangers were friends she hadn't met yet. Zoe Lynette had travel experiences that amazed all who knew her. She inadvertently had lunch with the Red Chinese Army on the side of a Himalayan mountain, broke her leg in an airplane on the way to Paris, and got lost in Red Square in the former Soviet Union. She zip-lined through the jungle in Costa Rica on her 70th birthday. She will be greatly missed by her family and many loving friends and the thousands of students whose lives she enriched. She is survived by her sister, Diane Squires Emmingham; brother in law, Robin Emmingham; nephews Brent Emmingham and Terry Emmingham; nieces in law, Donna Emmingham and Robin Emmingham; and cousins, Craig Storti, Mike Ripley and Joyce Philip. Lynette was active in numerous civic, cultural and social activities and all will miss her cheerful presence. Donations in lieu of flowers may be made to the Museum of Arts and Culture or the charity of your choice. A Celebration of Lynette's Life will be held on Friday, November 6, 2009, at 3:00 pm, at the Unitarian Universalist Church of Spokane 4340 W. Ft. George Wright Dr, Spokane, WA.

George Chalich

Social Studies, US History

14 Years at NC

d: 2017
Age 87

Age at NC during Lifetime

March 23, 1930 – January 15, 2017

George Chalich, age 86, died Jan. 15, 2017 in Spokane Valley, Washington.

He was born March 23, 1930 in Butte, Mont. to Eli Chalich and Martha Haidin Chalich (later Mandic). The family moved to the Spokane Valley in 1938 and he attended Vera Grade School and Central Valley High School. George competed in football, basketball, track and baseball. He was a first-team all-league pick in basketball as a sophomore, junior and senior, and led the league in scoring twice, breaking the league scoring record his senior year with a 13.7 points-per-game average. After graduating in 1948, he went on to play college basketball at both the University of Washington and Gonzaga University. He was a walk-on player for the Husky baseball team and was offered a professional contract with the Seattle Rainiers but chose to finish his degree.

He taught and coached for 28 years at Oakesdale, Mead and North Central High Schools, proudly stating, I taught life as he positively impacted many students and families. He also officiated both baseball and basketball at the collegiate level including the Pac-8, and throughout the Inland Northwest at the high school and childrens recreational levels for 40 years. He played AAU basketball and softball with the Spokane Diesel team. He loved golf and was a member of the Indian River Golf team. In 1995 he was recognized by the Inland Northwest Sportswriters and Broadcasters with the 25-Year Award. He was a member of the Phi Gamma Delta fraternity, the Holy Trinity Greek Orthodox Church, president of the Serbian Lodge of Spokane, and on the Board of Directors for Fairmont Memorial Association. George was preceded in death by his parents, brother Eli and brother-in-law Clem Rueckert. He is survived by his wife of 64 years, Geraldine (Jeri), daughter Linda Chalich of Pullman, granddaughter Alison (Jonathan) Metzger-Jones and great grandson Jason Metzger-Jones of Davis, Calif., sisters Sadie Rueckert and Dorothy Burns, brothers Nick (Lois), Ray, and Stan (Leslie) and numerous nieces and nephews who he dearly loved. A Celebration of Life open house will be May 7, from 2-4 p.m. at The CenterPlace Regional Event Center, 2426 N. Discovery Place, Spokane Valley. Memorials may be donated to the Holy Trinity Greek Orthodox Church, 1703 N. Washington, Spokane, WA 99205

Gerard Hughes Obituary

Gerard "Jerry" Hughes
February 16, 1944 - August 9, 2022

Gerard "Eamon de Valera" (Jerry) Hughes peacefully passed away in Santa Rosa, California on August 9, 2022 at the age of 78. He remained positive, selfless, grateful, courageous and dignified to the end. His faith in God and love for his family provided him with deep comfort in the final weeks of his life.

Jerry was born in New York to Irish immigrant parents Tom and Anna Hughes. He had fond memories of growing up in Rockaway Beach and often referred to it as the "Irish Riviera." The family later relocated to San Francisco, and Jerry graduated from St. Ignatius High School, where he excelled at baseball. As a student at Gonzaga University, he saw President Kennedy speak and was inspired to pursue a career in public service. He was elected to the Washington State Legislature and served two terms representing Spokane, Washington. After retiring from politics to raise his children, he became a beloved public high school teacher. He later taught at Eastern Washington University and Gonzaga University and was an opinion contributor to The Inlander.

He "married above himself," and was happily married to his wife Sally for nearly 48 years. He loved Irish history and often said he considered himself to be "more Irish than American." He felt most at home near the ocean in Newport, Oregon and was an expert on politics and history. He loved all sports but especially baseball and the Dodgers. He was a man of faith, conviction, intelligence, compassion, humor, wit, sacrifice, strength, and loyalty. He was comfortable in his own skin and never pretended to be anyone other than himself. He made friends everywhere he went and loved to help and connect with people – from complete strangers to his closest kin. More than anything, he loved his family and treasured being a parent and grandparent. And now, as he joins his parents in the afterlife, he leaves not only a massive void but also a proud legacy, boundless love, and countless memories.

He lives on in the hearts and souls of his wife Sally; his children Shannon, Erin, Sean (Jozefina) and Kate (Brian); his grandchildren Josh, August, Adriana and Vivienne; his sisters Suzanne and Maureen; and countless other extended family members and close friends.

He will be honored at a memorial service at St. Ignatius Church in San Francisco, CA at 11:30am on September 10th, 2022, followed by a celebration of his life at the United Irish Cultural Center. In lieu of flowers, we ask you to make donations in his name to Patient Access Network (PAN) Foundation which helps patients cover out-of-pocket medical expenses.

Donald Howard and Dorothy Elliot Murray Obituary

MURRAY, DONALD HOWARD AND DOROTHY ELLIOT Donald Howard Murray died March 2, 2004, at the age of 84, in Spokane. The lifelong resident of Spokane received a degree in architecture from W.S.U. where he met Dorothy Mae Elliott, his future wife. They married in 1944 just prior to his deployment to the South Pacific. He was a lieutenant in the Navy and received a Silver Star for action in underwater demolition as a frogman. He was proud to be a member of the only UDT team (Blackcat13) which sustained no casualties. While in the Navy, he developed a passion for sailing, racing, photography and travel.

He was active in many organizations related to those endeavors and was also a Mason, a member of Toastmaster's Int'l and in Lions' Club. Professionally, he received many architectural honors and awards for his extraordinary designs of buildings in the region including numerous buildings for the Catholic Church, W.S.U., Gonzaga, IBM and the Federal Government. He was an instrumental member of the Riverfront Development Master Planning Committee. He was accomplished in so many areas but his children will remember him for his selfless devotion as their mother's primary caregiver for the past eleven years. His faith in God was unwavering and he spent his lifetime attending and supporting Manito Presbyterian Church.

Dorothy Elliott Murray also died March 2, 2004, at the age of 83. She grew up in Colfax, Wash., and began her musical training at age 8. She graduated from W.S.U. with a degree in music. She was classically trained as a concert pianist and later received her credentials to teach. She taught music appreciation while Don was away during the war and then they moved to Spokane to live and raise their family. They were seldom apart from then on. She taught English at North Central High School for many years and was also head of the drama department. Every Monday, a flower was delivered to her classroom from her admiring husband. Her fierce love of language and passion for teaching endeared her to her peers and students alike. Her son often said that his father taught him to do things and his mother taught him to think. An avid reader and speaker, she loved to challenge conventional thinking. She remembered, fondly, all her years in Rainbow, the Beta Beta Chapter of Chi Omega and in Mu Phi Epsilon, an honorary music society. Even with her insurmountable physical difficulties in her later years, she continued to read, play the piano and correspond with her children, grandchildren and friends with her wonderful letters. Nothing defines her better than the card she composed for a recent wedding anniversary describing the reasons she loved her husband 53 years ago and still did. Among those reasons were his honor, his creativity, his beautiful blue eyes and the way he walked. She was predeceased by her only sibling, Lois Clegg of Colfax.

Don and Dorothy Murray are survived by: Don's sister, Jean Carmichael of Spokane; their daughter, Marilynn Murray Jensen; son-in-law, J. Alan Jensen; seven stepgrandchildren all of Portland; and their son, Donald Elliott Murray; daughter-in-law, Dr. Deborah Frank Murray; and two grandchildren, Megan MacKenzie Murray and Oliver Quinn Murray, all of Seattle. They left four nephews and three nieces, as well. The family has scheduled a gathering to celebrate their lives on June 18, 2004, in Spokane.

Yvonne Edmunds

NOVEMBER 19, 1931 - JANUARY 4, 2011

Yvonne L. Edmunds

Yvonne peacefully passed away on January 4, 2011. She had bravely battled many auto-immune diseases, but it was an infection from surgery that suddenly took her life.

Yvonne was born in Eugene, Oregon on November 19, 1931 to Ruby and Grant Eagy. She lived in several parts of Oregon until her family moved to Spokane just prior to beginning high school at Lewis and Clark. Throughout her schooling Yvonne was always at the top of her class. After graduation, she attended WSU for one year prior to marrying her first husband, Vernon Carter.

Her young married life was spent on a farm in Spangle, Washington. Two children, Dale Carter and Lisa (Carter) Greer were born. In 1959, they moved back to Spokane and life was busy with her young family. In 1964, she resumed her studies at EWU and was the outstanding graduate in the English department three years later. Yvonne then taught English and Humanities for North Central High School for 18 years. During her teaching career, she was very active in both the Spokane and Washington Education Associations. When Yvonne retired from teaching, she had a second career in real estate.

In 1970 during her teaching career, she was divorced. Six years later she met and soon married Allan C. (Ace) Edmunds, the love of her life. Together they purchased a secondary home on Hayden Lake where they enjoyed entertaining friends and relaxing with their blended family during summer reunions. After selling their cabin, the family reunions continued at Elkins on Priest Lake. Ace and Yvonne also enjoyed extensive travel to Europe, many cruises, and wonderful winter months in Hawaii. When life slowed with age, they moved to the Waterford Community where they met many new dear friends.

Just a few short months ago, Yvonne was heartbroken when Ace passed away after 34 years of marriage. Another loss earlier in her life was the tragic death of her son, Dale Allen Carter, in 1986.

Yvonne is survived by her sister, Sally Carpenter (Federal Way), children Lisa (Kim) Greer of Spokane, Sandy (Paul) Pattison of Oregon, Kathy (Tony) Napier of Tennessee, Chuck Edmunds of Vancouver, Washington, 7 grandchildren and 4 great-grandchildren and several nieces and nephews.

The family would like to thank Mary and Dave Haugen, Molly and Jon Charbonneau, Luke Ankenman, Dr. Ward Chow, Dr. Howard Kenney, the Waterford Community, her Sacred Heart health care team, and Pastor Joe Bruce for the care and love they demonstrated during her life and final hours.

A celebration of Yvonne's life is planned for Saturday, February 12, 2011 at 2:00 PM at the Waterford. (2929 S. Waterford Drive) In lieu of flowers, donations may be made in Yvonne's memory to the Lupus Foundation of America, 800 5th Avenue, Suite 4100, Seattle, WA 98104.

Robert Briscoe Northridge, Calif.

A memorial service for Robert H. Briscoe, 84, was held in California. Mr. Briscoe, a former Spokane resident, died April 10.

He was born in Meyers Falls, Wash., now Kettle Falls.

He graduated from Washington State University in 1932 with a degree in mathematics and physics. He taught for two years at Whitworth College and later worked for Zellerbach Paper Co.

He received a master's degree from WSU.

He served as an environmental consultant to the 1974 world's fair in Spokane for one year and then began teaching at the Eastern Washington University business school. He retired in 1978.

After he retired, he and his wife, Laura Lee, spent the summer months at Priest Lake, Idaho, and the winter months in San Diego. In 1987 they moved to LaMesa, Calif.

He was a member of Park Heights Baptist Church, where he directed choirs, taught Sunday school and served as deacon.

He is survived by his wife of 55 years; one son, Roger Briscoe of Scotch Plains, N.J., Dennis Briscoe of San Diego, and Barry Briscoe of Kent, Wash.; two daughters, Judy Larsen of Simi Valley, Calif., and Bonnie Dalton of Portland; 10 grandchildren and one great-grandson.

Norman Erickson Spokane

Memorial service for Norman W. “Norm” Erickson, 81, was Monday at Sunset Chapel at Fairmount Memorial Park.

A 52-year Spokane resident, Mr. Erickson died July 8. He was born in Oakes, N.D.

Mr. Erickson graduated from Fargo (N.D.) High School in 1935. He went on to attend Concordia College and the University of Minnesota.

He served as a lieutenant in the Navy during World War II. Mr. Erickson was discharged from the military in 1946 after an injury. That same year he returned to Minnesota and graduated from the University of Minnesota with a bachelors degree in business.

He began working for Madison Lumber in Spokane in 1948 and then was an accountant for Watson Management in 1950.

In 1949 he married Marjorie Henniger.

Mr. Erickson returned to college, attending Washington State University before graduating from Eastern Washington University with a teaching degree in 1956.

He was a business and mathematics teacher at North Central High School from 1956 until retiring in 1979.

Mr. Erickson was a member of the Retired Teachers, Spokane Education and the Washington Education associations and the Moose Lodge.

Survivors include his wife; two sons, Craig and Scott Erickson, both of Spokane; two daughters, Sue Abitz of Spokane and Karen Erickson of Redmond, Wash.; and five grandchildren.

Memorial contributions to The Cardiac Unit at Deaconess Medical Center, P.O. Box 518, Spokane, WA 99210-0518.

Michael WEIR Obituary

Michael (Mike) Weir was born February 20, 1939, to Ralph and Mary Weir in [Spokane, WA](#), and passed away on February 9, 2023, at the age of 83 from complications of surgery/septic shock. He was raised in Spokane and graduated from North Central High School in 1957. After high school, he served in the Army playing football and was stationed in Germany. Upon returning home to Spokane, he was a heavy machine operator on construction projects. He later went to college on the GI Bill and got his teaching degree from Eastern Washington University and his master's degree from Whitworth University. He had a long career teaching German and English at North Central High School as well as coaching many kids in football, wrestling, and softball. He had a positive influence on so many high schoolers who would stop him as adults and share the impact he made on them. He spent his summers off from teaching by working at Murphy Brothers and Inland Asphalt and was excellent and skilled at operating heavy machinery for road construction projects. In addition to these jobs, he was also an administrator for night school for continuing education for adults. He retired from teaching in 1997.

He married Sharon (Holt) in 1965 and they celebrated 57 years of marriage before her death last March. They had two daughters, Teri and Molly. Mike was a hardworking family man who enjoyed many hobbies and pursuits. He loved restoring classic cars into beautiful showpieces. Through the years he enjoyed snow skiing, hunting, racquetball, golf, working out, watching all the sports, and keeping his yard and cars immaculate. After retirement, he became a master woodworker and built many beautiful things that we will always treasure. It felt like there wasn't anything he couldn't do or fix or build.

It was so fun to see Mike as a Papa and he had a very special relationship with each of his grandchildren. He could be seen at many a dance recital, baseball game, cheer competition, school program, Hoopfest, football game, and all the other things his grandkids were involved in. So many of his grandkids' friends also called him Papa, and he was the fun grandpa who would bring treats and support all the kids. Mike truly had a heart of service and would do anything for his family and friends. He was constantly helping others with home, yard, and car repairs, driving friends to the airport, shoveling driveways for neighbors, and just being available for anyone who needed help. He was the hardest-working man we knew. He was gracious and appreciative and the kind of man that had so many friends that you couldn't go anywhere without him running into people he knew. He loved the Lord and was a lifelong Christian who attended mass regularly and was always interested in others and how he could pray for them.

Mike is survived by his two daughters and their families who adored him: Teri (Fulton) and husband Bob and their kids Courtney and Blake; and Molly (Bergan) and her husband Jason and their kids Abby, Luke, and Lexi. He is also survived by his siblings Mary Ann Scott, Judy Lennemann, and Ralph Weir. He is preceded in death by his wife of 57 years: Sharon Weir. He is also preceded in death by his siblings Joy Ruple and Larry Weir.

Please join us for a Funeral Mass at The Cathedral of Our Lady of Lourdes on Friday, March 3, 2023, at 10 am: 1115 West Riverside, [Spokane, WA](#), 99201. There will be a celebration of life reception at the church afterward. Please consider making a donation to Joya Child & Family Development, 1016 N Superior St, [Spokane, WA](#) 99202, in Mike's name for his granddaughter Lexi Bergan. Mike's online memorial page can be found at www.holycrossofspokane.org.

Joseph J. SCHAUBLE

1934 - 2024

Joseph SCHAUBLE Obituary

Joseph J. Schauble, age 89, was our beloved husband, father, friend and coach. He passed peacefully in his sleep at his home on February 7th, 2024. Joe was born June 14th, 1934, in Killdeer, ND. He was the youngest of nine children born to Robert and Mary Schauble. The family moved in 1937 from their farm in Killdeer, ND, to [St. John, WA](#), where his father Robert worked as millwright and mother, Mary, a homemaker. A graduate of the St. John Class of 1952, Joe went to Gonzaga on a partial basketball scholarship and also played four years of baseball playing primarily at first base and in the outfield.

Joe and his older brothers Bill ('51) and Rollin ('52) hold the distinction of being the only set of three brothers to play basketball for the Zags. Joe earned a master's degree in school administration but preferred being in the classroom teaching math and coaching. He loved sports and transitioned from being a player to a coach. During a varied career that spanned 43 years, Joe coached five different sports from elementary school through college, junior varsity and varsity, in parochial and public schools. He retired in 1996 after teaching for 38 years, the last 30 at North Central High School. Over the years Joe coached football, basketball, and baseball before becoming the head track coach at North Central for 23 seasons.

Joe met the love of his life Carolyn Magee, at Gonzaga University. They were married on December 26, 1959, and recently celebrated their 64th anniversary. Joe is survived by his loving wife, Carolyn; his four children, Dan (Kalina), Carla, Joanne (Jeff) St. Yves and Mike (Jill); his nine grandchildren, Roland, Desirae, Cole, Nathan, Luke, Jake, Beth, Katie, and Mark; and his four great-grandchildren, Kaya, Izayah, Dakota, and Ashlin; sisters-in-law, Colleen (Bill), Maureen (Phil), Marge (Rollin); sister-in-law and brother-in-law Marianne (Magee) and Dick Dunn; and forty-three nieces and nephews.

In addition to teaching, coaching and raising a family, Joe served in the Army Reserves for over twenty years.

Joe was preceded in death by his parents, Robert and Mary Schauble; sister, Elizabeth DeLong (Ray); brothers, John (Dorothy), Milton (Catherine), Don, Bill, Phil, Rollin, and Al (Betty); son, Mark, and niece, Pam.

A Funeral Mass will be held on Friday, February 16th at 11am at Assumption Parish Catholic Church, 3618 W. Indian Trail Rd., ([Spokane, WA](#)) Rosary will be at 10:30am and a Reception will follow the Mass in the Assumption Gymnasium. Please come and share your memories and stories with us. In lieu of flowers, donations may be made in memory of Joe Schauble to the North Central Alumni Education Fund, 1600 N. Howard St., [Spokane, WA](#) 99205.

Michael CALDWELL Obituary

CALDWELL, Michael W.
(Age 77)

Passed away on Monday, May 14, 2018 in Spokane, Washington.

Mike was born June 6, 1939 in Wenatchee, WA. He graduated from Wenatchee High School in 1957 and Washington State University in 1962 where he studied music and was active and served as president in Theta Xi fraternity. He also received a master's degree from Eastern Washington University.

After graduation, he pursued a long career as a music educator first at Sumner High School and later for over 30 years at North Central High School. In retirement, he continued his love for music education as an adjunct instructor at Spokane Community College and as a private piano teacher. Mike was also very active in music performance in the Spokane community, directing several local church choirs, the local American German Society Choir and a joint American/Canadian choir at Expo '74. He was a member of the Spokane Chorale for 50 years, performed roles in the Spokane Civic Light Opera and Spokane City Theater. He had even performed in Carnegie Hall.

Mike is survived by his wife Elizabeth, children and stepchildren and their wives Eric (Lisa) and Sean Caldwell, David Christy (Denise), Kate Leschey (Will) and Susan Hargreaves (Neil), brother Jim Caldwell (Alicia), 14 grandchildren and former wife Richi Caldwell

His kind heart, generous spirit and love of music touched many lives and will continue to live on not just in the memories of those he shared time with but also in the continued pursuit of music of his many students. Memorial contributions are suggested in Mike's name to the Spokane Symphony Michael Caldwell fund for the Chorale (<http://spokanesymphony.org/donate/> put Mike's name on the check or in the notes field of the symphony donations page) or Hospice of Spokane.

Funeral services will be held at 3:00, Monday, May 21, 2018, at the Cathedral of Our Lady of Lourdes.

Obituary for John P. Rodkey

Age at NC during Lifetime

27 Years at NC

NA: 88 in 2026

May 15, 2012

John P. Rodkey

April 11, 1921 - May 16, 2012

John P. Rodkey Obituary Spokane and the world have lost a great servant. After a valiant battle with cancer, our beloved father, John P. Rodkey, has completed his baptism and journeyed to his next holy home. With the world as his classroom Dad was teaching until the day he went into a coma; and had worked in his well-known garden just the few days before.

Born in Colorado in 1921 and coming to Post Falls in 1934, John's family began a long and noble engagement with the people of our Inland Northwest. Always loyal and proud of this region, Dad served it with distinction. He and his much loved wife Marie celebrated their 67th anniversary in April. John graduated from Whitworth College with his BA degree in Recreational Leadership in 1947 and a BA in Psych / Soc / Education in 1948. He later received his Master's Degree in Administration in 1958. He remained a loyal and active alum of Whitworth University.

After student teaching at North Central High, he was hired to teach there after his college years. He taught from 1948 - '57, then served as Vice Principal of Shadle Park for the two opening-years, '57-'59.

He then came back to NC as principal from '59-79. Oh how he loved North Central High School - the joy of his life! The energy, grace, humor, wisdom, and compassion he showed in his 29 years serving NC changed lives, and the world. His family thanks the many who have visited and/or written their love and support of Dad in the past few months. The love and respect of his life that has been shown means more than can be known.

Dad served in WWII in the 62nd Troop Carrier Unit in Europe and Northern Africa as the radio operator on a C-47. Those experiences helped shape his life, giving him the focus of duty and serving. John was all about stories, helping others, continually learning and teaching, and ALWAYS taking the high road in life. All of that was drawn from a deep well of integrity that never wavered. One clear thing about Dad will be his disappointment at not being able to get up and live another day full of love, service, and humor. Dad had a deep faith which was his compass. Dad's dream is for all to keep learning, growing, and moving towards the light and love of God. A man of devout faith, he served in both the Methodist and Presbyterian traditions.

John is preceded in death by some and survived by many in his larger family. In his immediate family, he is preceded in death by his parents, Helen and Verne Rodkey, and his brother, F. Lee Rodkey. He is survived by siblings Grant Rodkey (Suzanne), George Rodkey (Dorothy), Elizabeth McNeal, and Kathryn Russell. His daughter Johanna Lee (Rodkey) Roberts was lost to cancer (1996). Remaining is her family - husband Doug, children Aaron (Carrie,) Sam, and Lexie (Ben). Daughter Sharon (Rodkey) Smith and husband Dennis, children Minda (Darin), Matthew (Sheena), and Erik (Katie), Son Paul, wife Kerri, children Terry, Todd, Christopher, Diana, Allie, and 9 Great grandchildren, and numerous nieces and nephews.

A memorial service will be held at Bethany Presbyterian (2607 South Ray) on June 2 at 11:00 AM. Memorial gifts may be sent to Bethany Presbyterian Church or the Helen and Verne Rodkey Family scholarship fund at Whitworth University.

The School Song

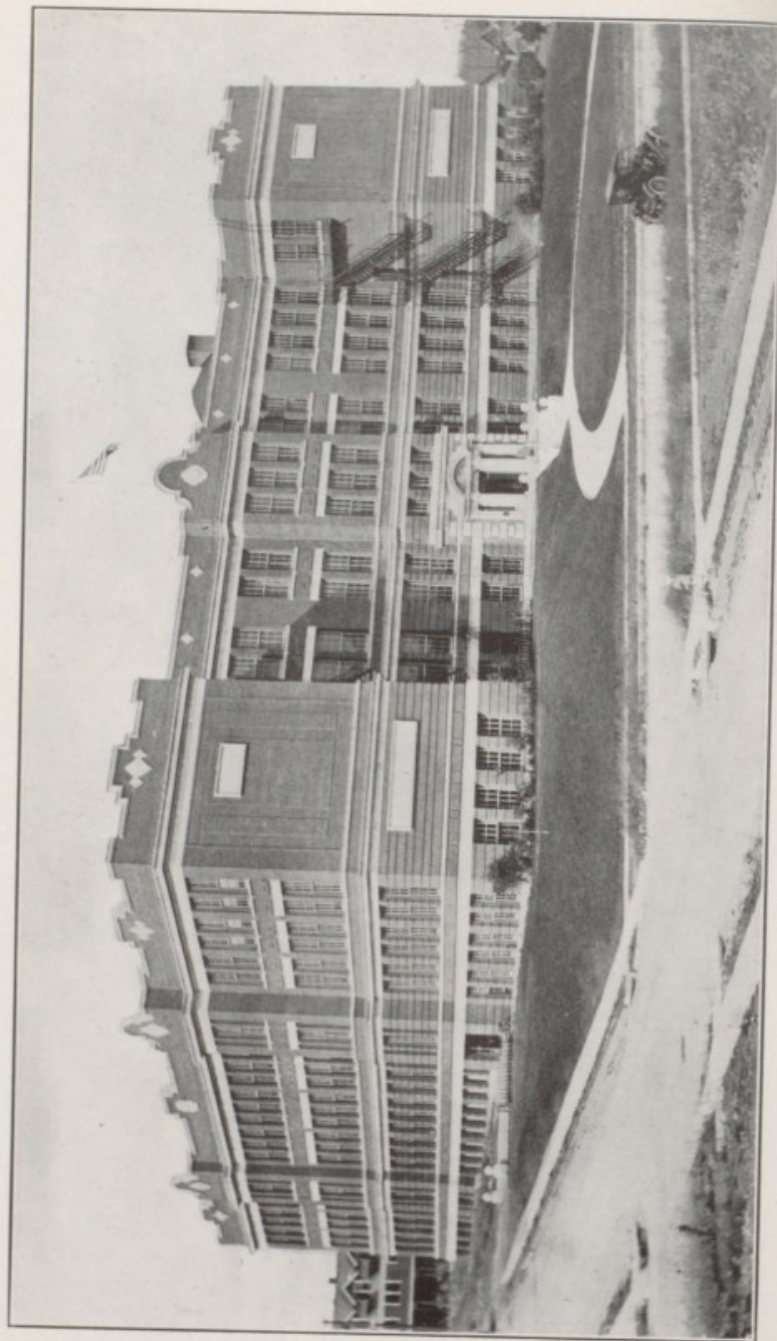

O Red and Black,
Dear Red and Black,
Our hearts are true to you;
On field and track
You never lack,
And win the honors, too;
From dear Spokane through every land,
The name of our school cry—
We're through and through North Siders true,
North Central High.

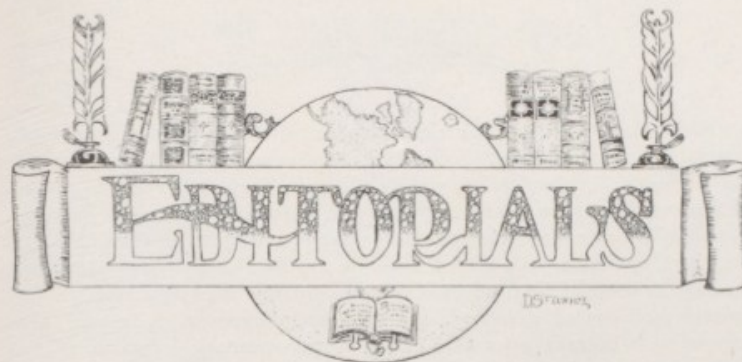

Thirty-eight

1912 Tamarack

NORTH CENTRAL HIGH SCHOOL

Attention! Our school paper has been revived and is again filed in the ranks of high school journals. After a two-year retirement, due to no fault of its own, the Tamarack reappears in the arena of student enterprises, proudly bearing the red and black standard of North Central High. We offer the following explanation so that all our friends may fully understand the circumstances which made it necessary to discontinue the publication of our school paper.

During the summer of 1910 the old South Central High was destroyed by fire. The two high schools were then merged as the temporary "Spokane High School," and the North Central building was given over to all the high school pupils of the city. The principals considered it advisable to dissolve all class organizations and the distinct school societies, in order to avoid any demonstration of factionalism. Thus, the Tamarack was forced to suspend operations. Athletics, oratory, and debating lived under the consolidated schools without the existence of a debating society or an athletic association. Our representatives won so prominent a position that the "Spokane High School" will always be remembered. The two classes which were graduated from the union school were allowed to organize for graduation, and each one published a Senior paper.

But now our elegant sister school has been completed and our visitors have left us. No one can say that our practical acquaintance was not valuable to all concerned. At last, we are called upon to resume our duties as students of the North Central High School; as such we should remember that North Central has an enviable reputation—it must be defended!

Eighty-nine

On the night of June thirteenth, the second chapter in that great book, "North Central Graduates," will have been completed. The last words will be written as the Seniors receive their diplomas. On that night the members of the second graduating class will become alumni, and either pass on to higher educational institutions or enter the actual activities of life. Even those graduates who intend to go to a college or university are forced to assay the ore of Life more carefully and seriously than ever before. The innocent pleasures of childhood, like the lesser flowers of springtime, have vanished; the opening gates of Life afford an uncertain prospectus of that which lies beyond, even as the Junetime rosebuds, gradually unlocking, reveal the beauty hidden in the honeyed chalice.

The long, rough way that meets the graduate's vision is oftentimes highly discouraging, and he begins the journey with a sigh or a sneer. He who manifests grief at the start never lasts long enough to enjoy the real pleasures of the race, and ludicrous scorn is reflected upon those who sneer at Nature's mirror. The man who steps out upon the course with the right kind of an education finds extreme enjoyment in whatever he is doing. If he is truly educated he is thoroughly alive to the world about him, and the grandeur of surpassing others irresistibly tempts him onward. He fully understands that education serves a man as oil contributes to the producing results of a machine—an engine might run a short time without oil, but a lubricant always increases its efficiency.

Our educational institutions are striving to turn out young men and women who can get the most out of life. We are taught both cultural and vocational subjects, thus toning the monotonous grind of preparing for a profession by introducing subjects which advance the moral refinement and polish an otherwise tarnished intellect. It is the cultural element in our schooling that has much to do with developing personality. The ability to be impressive and to be a leader of men is a much coveted accomplishment. A man attains this through his personality linked with the basic knowledge of the subject at hand.

Our schooling is strictly a business proposition. Many of our national business firms have striven a *hundred years* to place before the public a trade-mark, the requirements of which they were capable of meeting. At the end of *four years* the high school student is given a trade-mark—his diploma. But the diploma, neatly tied as it is with brilliant ribbon, is no indication

that the student has attained the highest plane of knowledge; "to educate," fundamentally, means "to lead forth," and it makes no difference how far we go there is always ample room for advancement—always unoccupied space ahead. A diploma merely asserts, in the capacity of a trade-mark, that the graduate possesses a complete course in mental discipline; he must apply this assumed means to gain his desired ends.

The present Senior Class is the second one to be graduated under the judicious direction of Mr. Sawtelle. His efforts have been directed toward turning out a class worthy of a high position, and whose members will meet the world face to face with enough wisdom and pluck to cope with the daily vicissitudes. His valuable advice is an excellent asset to a graduate and there are none who do not appreciate this fact.

Who can ever forget that famous "Sunny Jim" smile that even crops out to punctuate his well-meant reprimands? Long after we have forgotten many of the English authors' dates we will of necessity remember the man who tried so hard to impress them on the "gray matter." The consciousness of his interest in us is the last tie we must sever in leaving high school.

The North Central building is undoubtedly one of the largest and most thoroughly equipped high schools in the West. Now, since it is a complete four-year school and relying entirely on its own responsibility, it might be well to recount its resources for producing students who can endure the rigid requirements of business and professional life.

The school library, from which such a fund of knowledge can be drawn, is mentioned among the best in the Northwest. Very few high school libraries are so systematically arranged and conducted, and many have not a trained librarian in charge. All the laboratories are fully sufficient in every way and contain the latest apparatus. After the auditorium stage has been remodeled and new scenery installed, we will have an impressive and adequate convocation hall. We may well be proud of our gymnasium, for the North Central comes second to none in this respect. The local "gym" is

conceded to stand with those at the top of the list. It is especially large, with a complete equipment of apparatus, and designed entirely to put a strong body at the command of a strong mind. All these things, under the supervision of half a hundred specially trained instructors,—the best in the land,—places the North Central High in the estimation of colleges and universities.

It is to be hoped that, along the reorganization of classes, the societies will be organized again. The Literary Clubs, Debating Society, Glee Club, German Society, and others are always looked upon as being almost incorporated with the curriculum. And, indeed, the social side of school is educational, in its way, as well as enjoyable.

The organization of a high school alumni association aroused a great deal of public attention recently. There was much friction, due in most part to general misunderstandings. At present we have alumni of the old Spokane High School, the South Central, the Lewis and Clark, and the North Central. The first three names have been applied to the South Side school at different periods.

Many titles were suggested for the association and "Spokane High School Alumni" was chosen after a prolonged and somewhat heated debate. An invitation to join was extended to all the alumni of the North Central. These immediately met, and, after due deliberation, decided to form an independent association to be known as "North Central Alumni." This action resulted from a misconception of the workings of the larger association. The North Central Alumni, numbering but twenty-two, would have had little power in the councils, considering that over two thousand members are alumni of the Spokane High School, the South Central, and the Lewis and Clark. It seems at present, however, that under the "Spokane Alumni Association" the North Central division is to have one vote and the Lewis and Clark, one vote. This would leave the balance of power in the hands of those who were graduated from the old Spokane High School. They are necessarily neutral to the two schools at present.

At the next meeting of the North Central Alumni, on May twentieth, the invitation is to be reconsidered. It will undoubtedly prove beneficial to the larger association as well as to themselves if they see fit to become "Spokane Alumni."

Ninety-two

On Friday evening, June fourteenth, the night after the graduation exercises, the North Central Alumni will meet with the graduates. Seniors, keep this date open!

This is the only issue of the Tamarack to be edited by the present staff. Needless to say, it has required much work and midnight oil, but the time we have spent has been fully enjoyed. We have put forth our best efforts to make this Tamarack the acme of perfection—it is the crystallization of the best that we can offer. In leaving, our last editorial wish is that the paper may prosper and advance in the hands of the next staff. As graduates, we hope that North Central High will always be an applicable synonym for honor, glory, and progression.

May the "Crimson and Black" never be humbled!

Ninety-three

CURRENT EVENTS

FEBRUARY 20, 1912.

A rare treat to those interested in modern scientific discoveries and inventions was given at the North Central auditorium by Professor William Patty, one of the leading lecturers on science in the United States. Professor Patty elucidated the mysteries and wonders of the wireless telegraph, radium, and liquid air in his interesting and instructive way, illustrating his statements with experiment after experiment. This lecture was an opportunity which one could scarcely afford to miss, and it is safe to say that not one of the large audience which listened to Professor Patty but went away satisfied that his time had been well spent. There was not one who did not have a clearer understanding and a keener interest in the subject than before.

MARCH 4, 1912.

When William Jennings Bryan entered the auditorium he was greeted with a chorus of cheers from all parts of the house and the audience rose to its feet as if prompted by one will to greet the appearance of the "greatest private citizen of the United States." Mr. C. C. Dill then introduced the speaker and when Mr. Bryan arose he was cheered again and again by every class in the school. "Now that you have interpreted the welcome into your various languages, I will proceed," he said, as soon as he was able to speak. But all this is a matter of history. None of us who heard Mr. Bryan will ever forget the occasion. He dwelt upon the value of public speaking and of education in general and held the undivided attention of his hearers for over an hour. Mr. Bryan certainly lived up to his reputation as an orator. He speaks in a clear, earnest manner, using apt illustrations and conversational language—the very points he emphasized as the requisites of good speaking—and whatever we may think of him with his political connections we cannot do otherwise than admire him as an orator and as a man.

With the opening of school next September a systematic course in physical training and hygenics will be instituted and required of all ninth-grade pupils, both boys and girls. In the past we have devoted much time and attention to the physical development of the strong, who were preparing to participate in competitive athletics, and comparatively little of either to the physical welfare of those whose size, strength and health did not qualify them to compete in interscholastic sports. No larger field of service to the community and the future citizen is open to the public high school today than this opportunity to teach our boys and girls the simpler principles of hygenics and sanitation, and to cultivate within them the aspiration for physical uprightness. The aim of this course is, with the aid of the gymnasium and athletic field, to develop not muscular strength but vigorous healthy bodies and train our boys and girls in the art of living. Youth has a physical conscience, and it is a duty upon the public high schools to arouse and develop this conscience in the pupil. "Vigorous health and its accompanying high spirits are larger elements of happiness than any other things whatever."

On April 23 the members of the Board of Education, the Superintendent of Schools and the principals of the high schools held a conference with a committee from the Chamber of Commerce to discuss the advisability of introducing the subject of agriculture into the schools of this city. As a result of the conference it has been decided to try the experiment of offering in the high schools an elective course in general agriculture. This course will be introduced next September and will require a year's work for its completion.

One Hundred One

"Watt-hour you doing there?" asked the instructor in Physics.
 "Eating currents," replied the startled student. "Anode you'd catch me at it."
 "Wire you insulate this morning anyway? Can't your relay-shunts get you up mornings?"
 "Amperently not."
 "Fuse going to do that every day you can take your hat and go 'ome," replied the teacher, and the circuit was broken right there.—Exchange.

Leslie S. (in English VIII)—Why does Poe deserve a place in the Hall of Fame?

J. Foss—Because he was a hard drinker, opium user, and all round dissipator.

APRIL CALENDAR.

All Fools' Day: Big dedication on South Side.
 April 6, 7:30 P. M.: Florence Dixon broke her pet finger nail.
 April 10: Paul Neil nearly bought only one bun for lunch.
 April 16: Leon Hills reported to English Class on time.
 April 25: George Holden appeared alone at Ives, but he was looking for a Bunn.

Villie falls in Anheuser Bush
 Und Schlitz his pantaloons;
 Is Villie a sadder Bud-weiser boy?
 Pabst so. Pabst not!

Vincent W. (in History VIII)—They took a vote on this.
 Miss Kaye—How did this affect Jackson?
 Vincent W.—Well, he got quite peeved.

Teacher—What is gravity?
 Freshie—A lot of little stones.

One Hundred Thirty-four

Floyd Ellis, the popular Senior B President, otherwise known as "Demosthenes" Ellis, the boy orator, or the lad with the nobile profile, in answer to the question, "What mode is that verb?" replies "Melancholy."

Eugene—How many parts are you trying for in the Class play?

Marion—All of them. How many are you?

Eugene—All. That shows you're wise and I may make a hit.

Question: Why are the N. C. students like the Chinese race?

Answer: They crave their Rice.

NOTICE THE "WANT ADS."

Can the Grizzly Bear to see the Turkey Trot away with the Grape Vine in a Mysterious Manner because Everybody's Doing It Now?

ANNOUNCEMENTS IN SENIOR A ROOM.

Mr. Sawtelle—I want you to keep respectable order, at least, while I am gone because if you don't you know it will mean that you can't have any sort of meeting without my presence; and you don't want anything like that hanging over you.

Harold Cundy—The Senior B's are going to give a candy sale Friday noon and we want all of you fellows—and girls—and so forth to—

Boys (to Mr. Smith who is cleaning up the Manual Training room the morning after the South Side students left)—What are you doing, Mr. Smith?
 Mr. S.—Oh, just getting ready to fumigate.

First Newsie—Gee, ain't you hungry?
 Second Newsie—Yes, but spaghetti is a cent a mile and I can't even get a bite.

One Hundred Thirty-five

Willie fell down the elevator,
Some one found him six weeks later.
Then the neighbors said, "Gee Whiz,
What a spoiled boy Willie is!"

A DRAMATIC HIGH SCHOOL.

Freshmen—"Comedy of Errors."
Sophomores—"As You Like It."
Juniors—"Love's Labor Lost."
Seniors—"Much Ado About Nothing."

Bartholomew—In the division of this line into mean and extreme ratio,
how much of this construction circle is absolutely necessary?

Uncertain Boy—The portion from A to B?

B.—No, not quite.

Boy—Well, then, from B to C?

B.—One more guess.

Girl (aside to Boy)—Say, you'd better say the whole circle, then you'll
be sure to get it.

Latin Prof.—Don't you think you had better turn the page? You
have already translated eight lines on the next.—Exchange.

Miss Abernethy—What's the matter, Mr. Wise? Can't you speak any
louder? Get some spirit into this—open your mouth and throw yourself
into it!

Boy—A cruiser.

Teacher—What makes it go?

Boy—Its screw, sir.

Teacher—Who are on board her?

Boy—Its crew, sir.

Teacher—You're a very smart boy, where were you born?

Boy—Crewe, sir.—Exchange.

Etta Cleary—Why doesn't Gus Jansen shave closer?
Gene Hitt—He's cultivating a pompadour on his chin.

There's a school just been built, so 'tis said,
Such that over all others will tread.

But still one might say
That just o'er the way
They've a parlor for all of their dead.

Discovered—Leon Hills and Jean Gorrill spooning behind the scenes
of the High School auditorium stage. "Love has wings, but that's no place
to spoon, Leon."

N. B.—Mr. Rice uses green ink in correcting harmony papers.

R. Bevier to Lorraine L.—Say, did you ever notice how much these
papers look like green backs?

If Miss Raymond got married, would it be Fehr that Ramsey to the
Rice throwing and should Sawtelle will Fargo and shake Allerdycy in the
Strieter the Broomhall?

Mr. Ramsey (in History VIII)—I've heard that there are com-
panies being organized that will insure against domestic infelicity.

Voice in rear—Does he mean wives or hired girls?

Teacher—Who was the greatest inventor?

Senior—Pat. Pending, I guess. I see his name on more inventions
than any other man's.—Exchange.

Gene Hitt (after delivering a piece of oratory in public speaking)—
Well, Miss Abernethy, what do you think of my execution?

Wayne D.—I'm in favor of it.

Thank You!

And Sorry for those not selected to be shown here – this is just from my individual perspective.

But the links are there for everybody, so you can make your own from the Tamaracks and publicly available data (using ChatGPT or Google Gemini, for example) as shown here for any teacher you like.
